- vii. Connection of bike path – at 8<sup>th</sup> Street – there is signal there
- viii. Add walking crosswalk that only signals when someone in crosswalk???
- 1. Decorate crosswalk

- m. Guideline Districts – Need to break area into districts for visual preference survey – not the same look for all of the area.

IX. **General comments:**

- a. **Vicky Long Hill** – wondering what the zoning plans for 100 block from 8<sup>th</sup> to 14<sup>th</sup> Street – her preference would be residential
  - i. We will look at vacant properties being used as storage in the area of 12<sup>th</sup>
  - ii. Legal non-forming uses
- b. MJ Moag – Crested Butte, CO – how they offered dining without taking away parking permanently.
- c. Nick Waage – questioned slide 60 and the information on it – the map was an idea presented to City Council by Development Services and is only an idea
- d. Tom Hyde– Road diet on Railroad Ave – even for a few blocks it goes down to 3 lanes.
- e. Kevin Trevillyan – referenced the crosswalk on 50<sup>th</sup> street and there is plenty of time for people to cross 5 lanes there
- f. Julie Eliason – how to make sure we have exceptionalism and still have boundaries for design
- g. Nan Earl – Wants new development to fit into the current designs. Does not want any more housing on 5<sup>th</sup> Street, particularly low-income housing. Says her customers do not like any of the changes happening on 5<sup>th</sup> Street in the 300 block.

- h. Rene Hardman – careful we are not so restrictive with guidelines that we deter development. Ways to keep the history but still have progress.
- i. Kay Schiller – Spoke that her customers like the changes in Valley Junction.
- j. Discussion of old and new – how can we cohabitate? Keep history?
- k. Steve Frevert – mentioned the Business Record 515 webinar discussion on housing
- l. Debbie Westphal-Swander – this conversation is why we are doing an update to this Master Plan. Valley Junction is a story board of our history. We need to come together for a better future of Valley Junction. Each person speaks their truth from their perspective.
- m. Rene Hardman – We need to have a civil conversation with each other. Affordable housing – we need more of it as a city. We need to get rid of the stigma of what affordable housing means. A city that thrives has all levels of housing.

**X. Adjourned** – at 6:51 pm – motion by Vicky Long Hill, seconded by Mitchell Callahan
